The following item was called up for consideration:

The Chief Executive Officer's recommendation to adopt a resolution approving the Juvenile Justice Development Plan (JJDP) and authorizing the Chief Probation Officer to accept \$5,460,396 in Youthful Offender Block Grant (YOBG) funding from the State Corrections Standards Authority; approve appropriation adjustment in amount of \$952,000 for Fiscal Year 2007-08 for two months of funding to enable the Department to begin implementation of the JJDP; authorize the Chief Probation Officer to fill 75 grant-funded full-time equivalent positions, in excess of what is provided in the Department's staffing ordinance, subject to allocation by the Department of Human Resources; and authorize the Chief Probation Officer to sign the County's YOBG agreement, amendments, related documents, or extensions with the State that forms the County's JJDP and to modify the JJDP consistent with grant requirements.

Supervisor Antonovich made the following statement:

"The Juvenile Justice Development Plan (JJDP), funded through a block grant from the State Corrections Standards Authority, proposes intensive and evidence-based programs/treatments for Probation's high-risk/high-needs youth (non-707(b)). The JJDP is comprised of six program categories: 1) enhanced assessments; 2) camp placements; 3) intensive supervision; 4) case management services; 5) capacity building; and 6) program evaluation and transitional housing. Collectively, these six program categories include additional probation and mental health staff as well as participation by various community-based programs at total cost of \$5.4 million over the next six months. Given the target population, as well as the scope and cost of the program, outcomes and indicators should be clearly identified, tracked and reported back to the Board periodically."
